Kala Camp Overview

We are delighted to bring you Kala Camp, our latest addition to the Setari Camp Collection. A brand-new and traditional 12-bedded camp situated deep within the Okavango. The camp enjoys an enviable position, overlooking vast floodplains and a palm forest beyond and offers the guest a host of activities including walking, mekoros, boating and 4x4 game drives; all depending on the seasonal flood and water levels.

Located in an impressive 50,000ha exclusive private concession in the heart of the Okavango Delta.

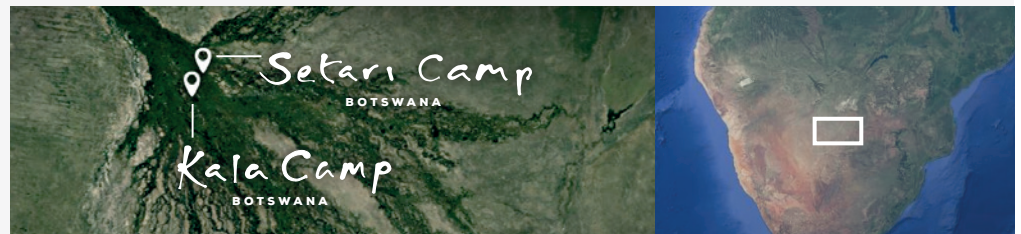

Privately owned and managed.

A genuine, authentic and traditional water/land based camp offering walking, mekoro rides and boating.

During the months October to April, the camp offers 4x4 game drives and boating is limited.

Location

Kala Camp sits on a palm-fringed island in the central region of the Okavango. It is located due North West of the World-renowned Moremi Game Reserve, where the main artery of the Okavango begins to fan out in the Delta. [Map co-ordinates: 18 58 30.88 S 22 34 05.97 E](#)

Access by Air & Boat

The closest international airport is Maun, Botswana. There are daily flights from Johannesburg International Airport and Cape Town International airport on South African Airlink.

From Maun airport, it is another light aircraft flight to JEDIBE AIRSTRIP. The light aircraft can either be organised by us or directly through your agent. From Jedibe airstrip, a 20 minute, scenic boat ride or mekoro will take you directly to Kala Camp.
